

COUNTY OF YORK

MEMORANDUM

DATE: August 28, 2006 (BOS Mtg. 9/5/06)

TO: York County Board of Supervisors

FROM: James E. Barnett, County Attorney

SUBJECT: Draft 2007 Legislative Program

Attached is a draft 2007 Legislative Program reflecting recommendations received from staff and members of the Board of Supervisors. You will notice that two of the items, while complete as to substance, are lacking some detail which is expected to be filled in well in advance of the Board's scheduled adoption of the Legislative Program at its regular meeting of September 19. Those items relate to the Commonwealth's funding of tourism advertising, in which some statistical information has not yet been collected, and the request (similar to requests made in previous years) for state funding of human services needs. It is expected that the request for human services funding, in particular, will be fleshed out with greater detail by the time a final draft is presented for adoption, and will be communicated to Board members in advance of the scheduled adoption of the program in order that any questions by Board members may be answered.
